Exhibition Stand Design

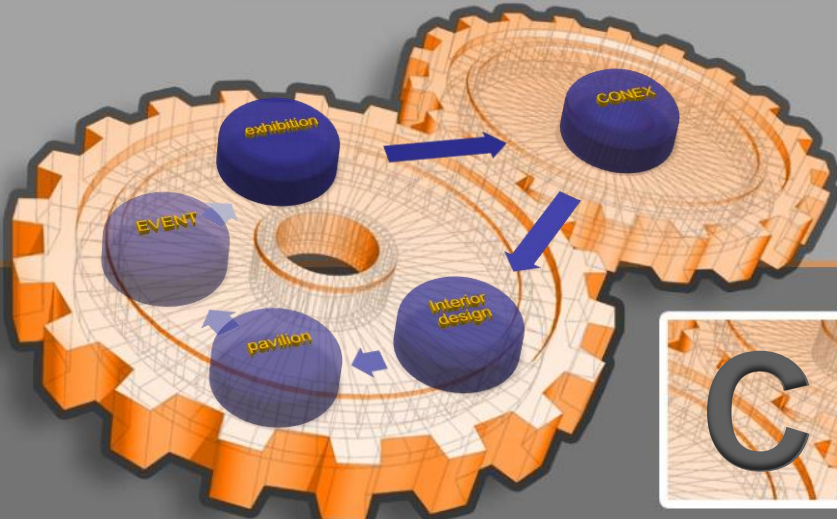

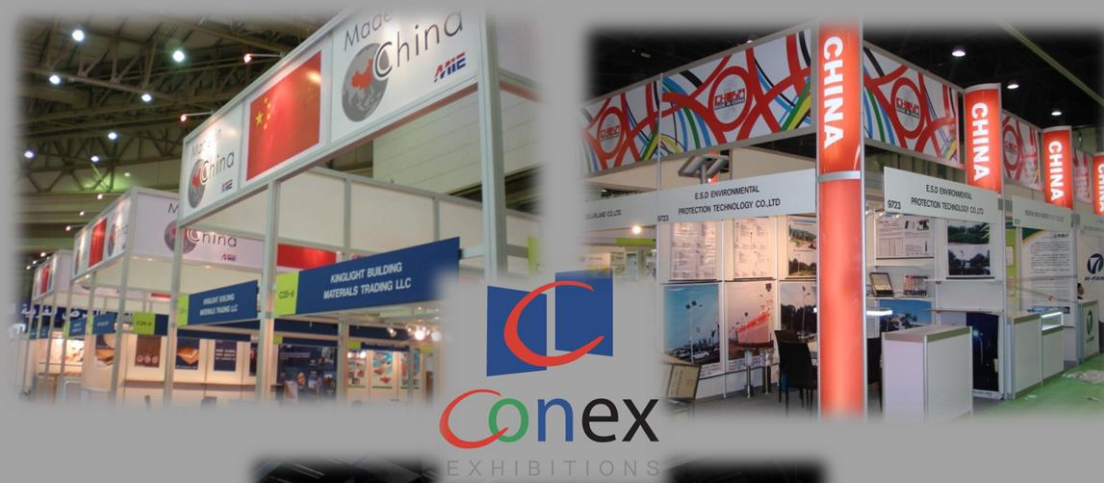

Let us understand your image, work out an idea & develop a design for you...

Your exhibition stand is your shop window to the world. Our design led service ensures a uniquely creative concept providing a practical and functional solution, no matter what your product or service, your budget or style. Our Team of Designers will develop a unique concept that will complement your image in not just local but in world-class international events as well.

Exhibition System Construction

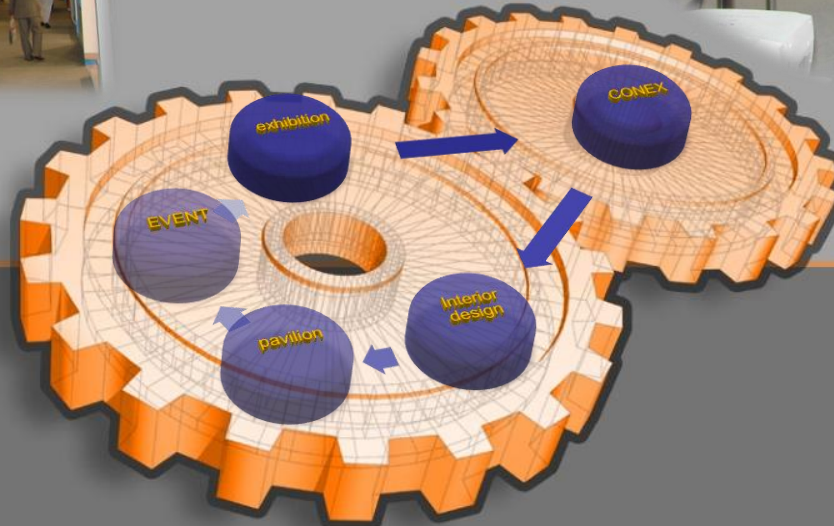

Shell Scheme designs are essential for providing image and identity to an Exhibition. The most cost effective option an organizer can offer their exhibitors to display their products. In today's typically short build-up periods & onsite pressure, demand high level of logistical expertise from your shell scheme contractor, which we are able to offer. We believe that each exhibitor is entitled to highest quality of finish on each occasion. We also offer a service to upgrade Shell Scheme Booths to enhance your products.

Pavilion Construction

Arranging Group Participation - allow us to incorporate strong group branding for you...

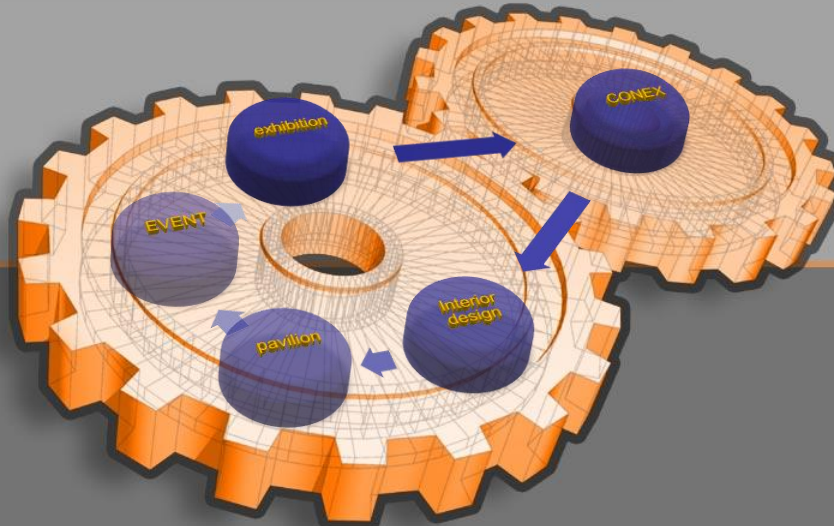

A service designed specially for Group Organizers, providing a varied choice and flexibility to accommodate designs from simple aisle stands to first floor hospitality. Designs would reinforce your group branding and create a niche look for your group on the exhibition floor.

Interior design

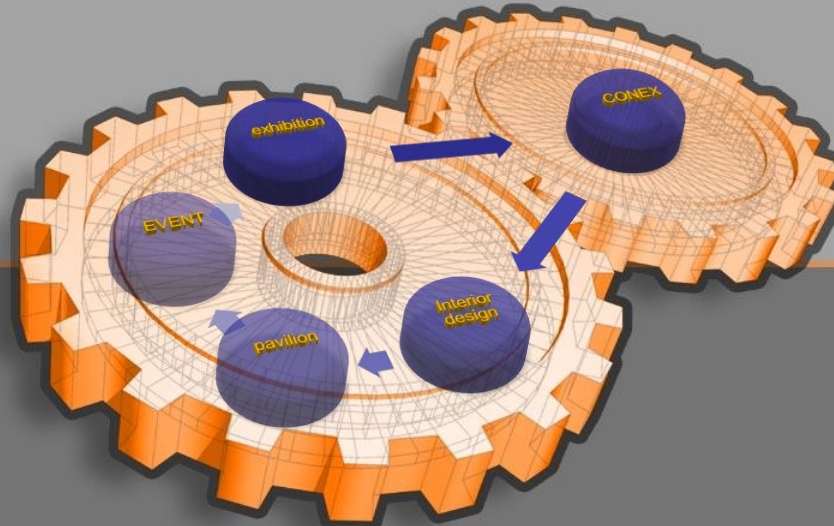

The look, feel and design of Interior design has never been more important. Our Team of Experts will offer services that are a vital part of every stage of the planning and execution of an event from initial consultancy, design solutions, specialist construction & installation to professional on-site supervision. Cost effective & innovative solutions delivered on time and to budget.
